Attack on British Government Made in House of Lords

REGARDING SITUATION IN IRELAND

Viscount Says Trouble Has Been Minimized

FAILED TO HEED WARNING

That Rebels In Dublin Have Long Been Armed, Well Drilled, In Possession of Explosives and Very Well Financed — Condition In Ireland Considered One of Greatest Danger.

[ASSOCIATED PRESS TELEGRAM]

London, April 26, 5:30 p. m.—Viscount Middleton attacked the government in the House of Lords today for failing to take heed of warnings regarding activities of the Sinn Feiners. He asked what the government meant by saying yesterday (Tuesday) that the situation was in hand. So far as his information went at the time this assurance was given, not only were rebels in possession of a number of prominent parts of Dublin, but no attempt had been made to dislodge them.

Viscount Middleton said he understood telegraphic communication with Dublin was almost entirely interrupted, that the rebels when they seized the postoffice, cut the wires and cables to England.

The authorities, he continued, had been aware that large numbers of armed Sinn Feiners had been drilled constantly for some months, that they possessed explosives in considerable quantities and were well provided with money. These things, he declared had been brought to the notice of the government by influential persons with the urgent request that action be taken.

The present position of Ireland, he asserted in conclusion, was one of the greatest danger.

Viscount Middleton further asserted that Baron Wimbourne the lord lieutenant of Ireland went to Belfast on Tuesday while a large number of offcers had been allowed on that day to attend a race meeting near there.

Some of the officers were seized on their return to duty. The viscount was unable to conceive any government so blind as to permit such a state of things to continue.

Lord Lansdowne in reply said he believed this outrage was doomed to be an ignominous failure but he was not disposed to minimize the serious inconvenience likely to be occasioned by it. He said that on Monday, April 24, the rebels made a half heart attack on Dublin castle, but the attack was not pressed. They then occupied St. Stephens Green, held up troops which were returning from the barracks fired on them from the roofs of buildings, seized the postoffice, city hall, the four courts and the Westeon road and Amiens road railway and telegraphic communication was interrupted. The four courts are the principal courts of justice in Ireland and the two railway stations seized are the main arteries of communication with England.

The rebels, Lord Lansdowne said, were driven from St. Stephens Green with a certain number of casualties. Yesterday they still occupied certain buildings and houses in Sackville and other streets.

Dealing with the situation today Lord Lansdowne said the commanding officer reports there was a complete cordon of troops around the center of Dublin on the north side of the river and two more battalions were arriving this afternoon from England. The situation, he declared, was undoubtedly well in hand and he had no doubt of the ability of the government to suppress the movement by most drastic methods. Although the situation in the provinces was not wholly satisfactory, the information received was not sufficient to justify grave apprehension. There has been a small rising at Ardee and Louth and a rather more serious one in Swords and Lusk, close to Dublin.

CASEMENT TO FACE TRIAL AS TRAITOR

Sir Roger Casement.

The British government is said to be in possession of abundant evidence showing that Sir Roger Casement was working directly with the German under-secretary for foreign affairs, Zimmerman, in financing the revolution in Ireland. His trial on a charge of treason will be pressed at once.

Disturbances in Ireland Extend; Entire Country Put Under Martial Law

[ASSOCIATED PRESS TELEGRAM]

London, April 27, 3.30 p. m. — Martial law has been declared throughout all Ireland.

Fighting is still going on in the streets of Dublin.

Premier Asquith announced in the house of commons today that the rebels continue to hold important public buildings in Dublin and that street encounters were still in progress

The premier announced that Major General Sir John Maxwell, who formerly commanded the British forces in Egypt, was leaving this afternoon for Ireland. The general has been given plenary powers, under martial law over the whole country.

Premier Asquith told the house the Irish situaton still presented serious features today and that there were indications of a spread of the movement to other parts of Ireland, especially in the west.

The premier said there would be a searching investigation into the cause of and responsibility for the outbreak. He added that it was obviously necessary to exercise military censorship while martial law prevailed in Ireland This censorship, however, would be directed merely with regard to the essential military requirements of the situation. All possible latitude in the transmission of news would be allowed.

Sir Edward Carson and John Redmond, who were the leaders of the opposing factions in the Irish home rule controversy, expressed in the house of commons their abhorance of the uprising and their desire to support the government.

The royal proclamation suspending in Ireland section I| of the defence of the realm amendment act of 1915, which gives to a British subject charged with an offense under the act the right to be tried by civil court, was read on the steps of the royal exchange this morning according to historic custom.

The troops in Ireland have been and are being strongly reinforced, Mr. Asquith added, and the government was satisfied the force dispatched was adequate to deal with the situation.

The Irish authorities will place themselves at the disposal of Major General Maxwell, to carry out his instructions.

Proclamation of martial law throughout Ireland may indicate an extension of disturbances, details of which the rigid British censorship is withholding. Cable dispatches yesterday and early today gave the impression that the British authorities had the situation in Ireland well in hand. Martial law, it was said, had been declared only in the city and county of Dublin. A few minor disturbances outside Dublin were reported, but they were described as of small importance.

Replying to a question whether the government had been of a dangerous growth of sedition Premier Asquith said:

"The first and paramount duty of the government is to restore order and to stamp out rebellion with all possible vigor and promptitude. That we are doing.

"Behind that there is undoubtedly an obligation which rests upon the government of making a searching investigation into the causes of and the responsibility of these events. That obligation we fully recognize and intend to discharge."

MOB AFTER MAN SUSPECTED OF KILLING CHILD

[ASSOCIATED PRESS TELEGRAM]

Lawrence, Kan., April 27.—This city is quiet today after the departure of a mob of nearly two hundred men who came here from Topeka in motor cars last night to lynch Fred Bissell, alleged slayer of Edna Dinsmore, 10 year old in Topeka.

Reports that members of the mob had gone to Lansing, where the accused man had been placed in the Kansas state penitentary for safe keeping were unfounded.

The body of the girl was found in a vacant house which had been set afire on Tuesday afternoon. Bissell admitted he had purchased candy for the child a short time before her body was found.

PRISONERS TRY TO ATTACK SUSPECT.

[ASSOCIATED PRESS TELEGRAM]

Lansing, Kan., April 27.—Angered by the stories of the murder of ten-year-old Edna Dinsmore in Topeka Tuesday, two hundred prisoners today attempted to attack Fred Bissell, of Topeka, suspected of the crime, in the state penitentiary yard.

The prisoners had heard of Bissell's arrival here to save him from the Topeka mob that invaded Lawrence last night and under the cry of "come on boys," they rushed at him. Deputy wardens and prison guards clubbed the prisoners into submission.

CIVIL SERVICE ROW.

[ASSOCIATED PRESS TELEGRAM]

Fremont, April 27.—Judge Garver in common pleas court today allowed a temporary injunction restraining Mayor H. C. Aurand of Bellevue from dismissing W. S. Kern, A. A. Shipman and Willis Dewalt, members of the Bellevue civil service commission and the naming of their successors.

MAY MAKE CONTEST.

[ASSOCIATED PRESS TELEGRAM]

Fremont, O., April 27.—The board of health has named A. W. Haaser registrar of vital and social statistics of Fremont. J. W. Forsythe, present official, may contest the appointment, claiming he is protected by civil service.

YOUNG WOMA NSUICIDES.

Springfield, O., April 26.—Within three hours after she swallowed the contents of a bottle of poison, Miss Mildred Richardson, aged 18 years, died at the city hospital today. No cause is assigned for the rash act.

ACTIVITY

Is Increasing Along Entire Battle Front About Verdun

GERMANS' GUNS PLAY HEAVILY

Feeling Out French Positions In Lorraine

USE OF HAND GRENADES

Drives Back German Patrols North of the Aisne, While a "Small Attack," According to Paris Report is Stopped By French Artillery — Russians' Aeroplane Raid.

There are signs of increasing activity along virtually the entire battle front in the west, notably on the southern end of the line down to the Vosges. The great struggle at Verdun is being continued with little diminution in vigor, however, with the German heavy guns almost continuously in play.

The only infantry movement in the Verdun region noted in this afternoon's Paris statement was to the north of Fort Vaux, northeast of Verdun, where what is alluded to as "a small attack' was stopped immediately by the French artillery.

In Lorraine the Germans are feeling out the French positions. Dispersal of a reconnoitering party which attempted to reach the French lines east of Lemesnil is reported by Paris while north of the Aisne, German patrols were driven back with hand grenades.

Two Russian hydro-aeroplanes are reported from Athens to have raided Constantinople.

BATTLE FLAGS DEPOSITED IN A GLASS CASE

CIVIL WAR VETERANS FOLLOW FOR LAST TIME THEIR HONORED COLORS.

In Parade at Columbus in Which Newark's Old Guard Company Was a Feature.

[ASSOCIATED PRESS TELEGRAM]

Columbus, April 27.—Their columns headed by white-haired color bearers carrying battle-scarred flags which they followed into action fifty years ago, 2,000 Ohio civil war veterans today paraded about Capitol Square to the beat of Old Guard Drum Corps music and, after impressive ceremonies, deposited the flags 425 in number, in the new glass cases in the routunda of the state house.

For years the flags have been in the relic room of the capitol. This room has been abolished.

The early morning rains and skies which threatened further downpours did not prevent the veterans from marching, for the last time, beneath the colors under which they fought.

Fifty members of the Old Guard from Newark appeared in full uniform, their arrival being announced by the music of the drum corps which accompanied them as they marched down High street to the State House grounds.

Because of their tattered condition, the flags were not unfurled. They were wrapped in papers and many had tied about the staff a history of the flags since Civil War days.

Many of the colors have been in the keeping of veterans or their children since the rebellion A number of these were brought in by old soldiers today and will be placed in their proper cases.

"We won't be around to take care of it more than six or eight years, so I thought it ought to be turned in," said D. C. Stone, of Mt. Vernon. who brought the badly torn flag of the 142nd O. V. I. to the State House this morning. The whereabouts of this flag was not known until Mr. Stone apepared with it today. He carried it in the parade around the square.

Adjutant General B. W. Hough presided as chairman of the speechmaking in the capitol grounds. Among the speakers were Governor Willis, General J. Warren Keifer of Springfield, former Governor James E. Campbell and Col. W. L. Curry, of Columbus.

Three veterans' drum corps appeared in the parade. A salute of 21 guns was fired from the State House grounds by battery C, O. N. G., Columbus.

SPEAKS WILL SPEAK.

[ASSOCIATED PRESS TELEGRAM]

Elyria, O., April 27.—John C. Speaks, state game warden, will deliver an address to the sportsmen of Lorain county here this evening in an effort to organize a fish and game protective association.

U. S. AIRMAN WHO LOST LEG IN FRANCE RETURNS HOME WITH BARONESS BRIDE

Lieut. and Mrs. Theodore Marburg, photographed on arrival in New York

Lieut. Theodore Marburg, an American airman, lost a leg a few months ago while in the service of France. But the loss had its compensations, the chief of them being the visits of a sympathetic Belgian girl, Baroness Geselle de Vivario. The young couple were soon in love and their marriage occurred April 10. Marburg, who is a son of a former U. S. minister to Brussels, is now in this country with his bride on a six months' honeymoon.

Chamber of Commerce Will Have 555 Members, All Anxious to Help Newark

The "intensive' campaign for members for the new Chamber of Commerce closed last night with a total of 555 memberships This was 55 more than the highest goal set at the beginning of the campaign. That it will climb to 600 within a few weeks is not considered a matter of doubt. This means an income of $13,875 a year, or $41,625 for the three year period as all applications are taken in the form of three year notes, payable annually.

Newark's new Chamber of Commerce will have a membership and an income that will compare favorably with any organization in the country in a city of 30,000 people

That Newark stands at the dawn of a new era of progress is the belief of every man—and there were eighty of them—who took part in the remarkable campaign The final meeting of committee workers last evening at the Masonic Temple was declared by men who have been in commercial organization work for over a quarter of a century as the most inspiring meeting of the kind in the history of the city

Speaker after speaker with enthusiasm and earnestness said that the new Chamber of Commerce must make good, and every one pledged his efforts to that end.

A few hours before the meeting last night, the workers appeared at the assembly room of the Newark Trust building to report for work. It was pouring down rain, and it looked as if the rain would keep up all day. The chairman of the meeting called attention to the bad weather, and suggested that they might desire to postpone the canvass for another day. He left it to a vote. They voted almost unanimously to work in the rain and complete the canvass so that the work of organization could go ahead according to the original schedule.

The result of this spirit was shown by the fact that they secured during the day a total of 114 memberships, and from persons who last week did not join when called upon.

Committee No. 1, headed by F. L. Beggs, turned in ten members and had the highest number for the four days of any regular committee. His assistants were Wilson Hawkins, W. S. Weiant, Howard Jones and O. C. Parrill.

Committee No 6, William E. Hopkins, chairman, turned in 15 memberships yesterday, and their grand total was only one short of the leading committee.

Special committee No. 1, headed by E. M. Baugher, turned in over 100 memberships during the campaign.

The feature of the meeting last night was the speechmaking that followed the announcement that the total membership had reached 555.

Talks were made by Frank L. Beggs, A. S. Mitchell, Carl Swisher, John S. Fleck, Clarence Heisey, A. A. Stasel, Howard Jones, Roderic Jones, C. E. Hollander, J. C. Krieg, Wesley Montgomery, William H. Smith, D. H. McFarland and C. H. Spencer, who was chairman of the campaign committee. Mr. Spencer congratulated the workers on the great success of the campaign, and their industry and determination. He pointed out that on the old basis of $5 memberships, as was the custom of the Board of Trade, the membership in the new Chamber of Commerce would mean 2775 members.

Mr Beggs declared that the campaign meant the dawn of a new era for Newark, that there was nothing within reason that could not be accomplished by such a body of men, and that he predicted great success for the Chamber. He said that he would much rather have five hundred men paying the dignified sum of $25 a year than 5,000 members paying $5 and considering it as charity.

"Let a man put $25 into this organization," he said, "and he will follow his investment. He will want to know how the money is going to be spent, and he'll help spend it. It means interest in the organization on the part of the members."

Mr Mitchell declared that the campaign was worth much more to Newark than most people estimated, that there had already come a great change in the community attitude.

"Two weeks ago," said Mr. Mitchell, "our attitude was 'Newark can't do it.' Today our attitude is: 'Newark can do it.' We have cut the ground from under the knocker and the faultfinder. We have proved that Newark can do what any city can if its citizens will make the effort."

Chairman Spencer called attention to the splendid work done by the young men in the campaign, and called on Messrs. Swisher, Fleek and Heisey for remarks. They pledged their best personal service to the new organization.

Mr. Stasel made a strong address in which he called on the membership workers to get behind the new organization, get into the various bureaus and give them the same splendid service that was given in the membership campaign.

"You men have done a work that any community should be proud of," he said, "and an obligation rests on you to see that the Chamber of Commerce does everything promised of it. We must see that strong and able men are elected to the board of directors. I want to see new blood on that board. A small number of men have had to carry the burden of running the old board of trade in the past. Let us call on other men to take up the burden.

"You men must see to it that every cent is properly spent, and not a cent wasted You must make a real business institution out of it, and you can give the community so much confidence in the organization that it will not be necessary in the future to have a campaign when money is needed."

D. H. McFarland of Town Development congratulated the workers, and declared that he had never been in a campaign where the committees had held together so well.

"I have attended many meetings such as this one tonight," he said, "but I remember of no one where the speeches were more to the point or where there was more determination to get back of the new organization to see that it makes good.

"When your new secretary is elected, give him a fair chance to make good. There is no position harder to fill than the secretaryship of a Chamber of Commerce. He is the target for the community knocker, and too often is criticised unjustly. There are a great many very able men in this profession now, and when you get one, stand back of him, and give him every chance to make good.

"Also give the Chamber of Commerce a fair chance. Don't expect it to set the world on fire at once. Don't waste money on spectacular things. It is the steady plugging along many lines that counts in the end.

"Beat down this local tendency to knock the town. Too many of your people, and your good people at that, have simply got into the habit of criticizing Newark. I don't see

SHELLS

Burst in All Directions Over Lowestoft and Yarmouth

DURING THE BRIEF BOMBARDMENT

One House Split In Half By Projectile

SUCCESSION OF CRASHES

Followed Broadside From Big Guns of German Squadron—Man, Wife and Child Killed When House Was Demolished at Lowestoft—No One Injured at Yarmouth.

[ASSOCIATED PRESS TELEGRAM]

London, April 26, 9:20 p. m.—Reports from Lowestoft and Yarmouth say the bombardment of those resorts by a German squadron on Tuesday morning, although brief was of the most violent character and that the casualties were not larger is regarded as remarkable.

At Lowestoft shortly after four a. m. the boom of a big gun was heard from seaward. It was followed by a succession of crashes as shells burst in all directions over the town.

This in turn was followed by a broadside of four guns. It was this that did the most mischief. One house was split I nhalf and collapsed causing the death of a man, a shell exploded on the roof of a cottage and demolished it, killing a man, his wife and their children.

Most of the inhabitants were asleep when the cannonade opened. Suddenly awakened, they rushed for their downstairs rooms or sought other shelter. The bombardment lasted fifteen minutes.

At Yarmouth, according to a local newspaper, no one was injured despite the terrible shelling which the town received. The most damage was done in the south end of the place, where a large block of fishing buildings was smashed by shells or set on fire and burned out.

Various other buildings including the corporation electricity stations were peppered by shell fragments. After the bombardment subsided hundreds of children began hunting for these fragments to sell as souvenirs.

At neither town was there any panic.

REFERENDUM LAW WILL BE TAKEN TO U. S. SUPREME COURT

[ASSOCIATED PRESS TELEGRAM]

Columbus, April 27.—The Ohio supreme court today issued a writ permitting appeal to the United States supreme court of the case involving the validity of the referendum last fall in Ohio by which the Sprague congressional redistricting bill was defeated. The supreme court last week held the referendum valid.

Appeal to the higher court was asked for by General J. Warren Keifer of Springfield, representing Judge David Davis of Cincinnati, who brought suit to mandamus Secretary of State Hildebrandt to declare the referendum illegal.

CONSCIENCE FUND INCREASED $5,000.

[ASSOCIATED PRESS TELEGRAM]

Washington, April 27.—A $5,000 contribution to the conscience fund was received today by the treasury department from New York in a letter that gave no clue to its writer. It was one of the big contributions to the fund. The $5,000 was in $1,000 gold certificates.

FOUND MAN'S BODY

[ASSOCIATED PRESS TELEGRAM]

Portsmouth, O., April 27.—The dead body of an unknown white man, about 35 years of age, was found lying in some underbrush on a bank of Kinnikkinnick creek at Garrison, Ky., 10 miles below Portsmouth, Wednesday evening at 5:30 o'clock. The body was badly decomposed.

BALL PLAYER KILLED

[ASSOCIATED PRESS TELEGRAM]

REFUSAL

OF RAILROADS TO GRANT DEMANDS OF BROTHERHOOD IS UNIVERSAL.

Representatives of 300,000 Train Service Men in Chicago to Arrange for a Conference.

[ASSOCIATED PRESS TELEGRAM]

Chicago, April 27.—Seven men, representing approximately 250,000 miles of railroad and 300,000 train service employees are in Chicago today to make arrangements for conferences to be held later over the 8-hour day and time and a half for overtime pay demands made by the railroad brotherhoods. The meeting, which is expected to settle the time and place for further negotiations, is to be held at the local headquarters of the Western railroads.

The ultimatum of the employees, demanding a written reply to the revision of the schedules handed the railroads several weeks ago, expires Saturday. It is stated, however, by officials of the general manager's association, that practically all of the railroads have answered the demands already. It is said refusal of the demands by the railroads has been universal. Neither side has shown any disposition to arbitrate.

BROTHERHOODS IN STATEMENT GIVE REBATES SCORING.

[ASSOCIATED PRESS TELEGRAM]

Cleveland, April 27.—In a statement issued here today by the railroad transportation brotherhoods, campaigning jointly to secure an 8-hour day from the railroads of the country, attention is directed to "the practice of railroads in granting rebates to shippers and hauling private cars."

The statement says in part:

"If the railroads are really sincere in desiring to conserve their revenue a recent report of the interstate commerce commission shows them how they would save millions of dollars which they lose through the practice of hauling private cars and the granting of rebates.

"This is important in connection with the high exaggerated statements which the railways are handing out to the public as to the cost to the carriers of the adoption of the 8-hour work day in freight train service.

"It is commonly supposed that the practice of rebating has been brought to an end, but the record of fines imposed upon the railroads shows that this unlawful practice has not yet been stopped. Not only do the railroads lose revenue by granting rebates, but the fines that are imposed by the courts when rebates are detected are very considerable. It is reasonable to suppose that only a small percentage of the actual rebating is discovered by the authorities. In 1915 the fines imposed upon the carriers amounted to $234,000.

"Tables prepared by the commission show that the revenue from private cars handled free during the year 1913 on only 88 roads would, at tariff rates, have been $644,250.79."

AWARD TO CRIPPLE LIFTS A MORTGAGE: FAMILY NOW HAPPY.

[Associated Press Telegram]

Toledo, April 27.—A state award of $807.43 delivered to Christian Blessing yesterday afternoon for injuries sustained while employed in a local factory two years ago, took off the shoulders of a frail woman a burden which has weighed heavily since her husband was brought home a helpless cripple.

Mrs. Blessing has supported her husband and kept three children in school since the accident, but a mortgage was threatening their ejection from the little home. The award has brought smiles to the faces of the Blessing family and saved their home.

CHAMBER COMMERCE

any thing wrong with Newark. To me it looks just as good or better than many cities known for their progressiveness. Boosting or knocking are simply community attitudes. One community gets into the habit of boosting, another into the habit of knocking. You can change the habit here, if you'll all start in and talk for Newark every chance you get.

"I have never seen a better state of things for a successful organization than you have here, and it is my prediction that the Newark Chamber of Commerce is going to be a great success."

Howard Jones made a stirring speech in which he pledged his best personal service and financial support to the new organization.

"I am going to get into the organization and see where my money is going to be spent," he said, "and if you will all do the same, it will be spent to the best advantage. We must give our personal interest and service and make this the strongest organization of the kind in the country."

CONFERENCE TO BE HELD AT EL PASO

[ASSOCIATED PRESS TELEGRAM]

Washington, April 27.—Secretary Baker today telegraphed Generals Scott and Funston to proceed from San Antonio to El Paso for the conference with General Obregon.

Consul Silliman at Saltillo wired that General Obregon had left Torreon last night for Juarez.

Officials expect General Obregon will reach Juarez tonight. General Scott and General Funston are expected to reach El Paso tomorrow when the first conference may be held.

Besides delaying answer to Gen. Carranza's suggestion for withdrawal of the American expedition until after the Scott-Obregon conference the government is also delaying sending Henry P. Fletcher, the new ambassador to Mexico to join Gen. Carranza until conditions become more settled.

Reports that Americans in Durango were preparing to flee because of anti-American demonstration lacked confirmation.

NOTICE TO FISHERMEN

It being my desire to keep people out of trouble who may be in ignorance, or do not fully understand the laws pertaining to fishing, I take this means to explain. Fish must not be taken or caught with any device other than hook and line with bait or lure, not more than three hooks on any one line. Snaring, spearing, gigging or snagging are all violations of the law and must be discontinued at once. Trot lines may be used if the land owner's consent is obtained.

The Courts

In the case of Minerva A. Wince vs. William F. Wince, a suit for divorce and alimony, the defendant admits that he was arrested as alleged but denies that he committed adultery or is an hibitual drunkard. For his answer he states that the plaintiff has filed four different petitions against the defendant; he further says that he has reared a family of five children, the youngest of whom is sixteen and that he has always conducted himself in a proper manner and worked hard to keep his family together. He claims that his wife left him in November taking children with her to Utica, O., where she has since resided; that he is a farmer and is ready to furnish a home for his family and provide for them but that if a divorce is to be granted he prays that it be given to him.

Object to Assessment.

A petition has been filed in common pleas court by Owen L. Cooperrider, on behalf of himself and sixty-six others, against the board of county commissioners, J. W. Hursey as auditor and Will H. Miles as treasurer, in which the plaintiffs ask the court to enjoin the county officials from collecting an assessment for the improvement of the National road, the plaintiffs all owning property abutting on that thoroughfare. The petitioners claim the assessment is unjust, inequitable and void.

Commissioners Office.

Commissioners Jos. H. Orr, Frank R. Dumm and Orville Kiger were at their office today and transacted only routine business. They were unable to get into the country on account of inclement weather. Commissioner Orr stated that a year ago today he planted a field of corn and that in driving over the county the past week he has found very few fields that are even ready for planting. Commissioner Kiger became reminiscent and stated that twenty-four years ago this month he was engaged in the lumber business at Ridgeville, Ind., and that during April of that year it rained on 28 different days.

FIFTY-EIGHT SUITS TO CLOSE AT $9.95
Formerly Sold at $15.00, $16.50 and $17.50
IT WILL TAKE QUICK ACTION TO SHARE IN THIS EVENT

This is an after Easter sale of broken lots of suits. By broken lots, we mean that there are not all sizes and colors of a style. However, in the entire lot all sizes from 16 to 44 can be had in a splendid range of shades, including Black, Navy, Copen, Tan, Shepherd Checks, etc. By actual count there are just fifty-eight suits in this assortment. The former prices were $15.00, $16.50 and $17.50. The original price ticket is on each garment, so you can easily compute the savings yourself. We urge you to attend this sale tomorrow if you desire first-hand selection.

In this assortment will be found the choicest styles of the season, including the flare jackets, belted effects, strictly tailored models, etc. The skirts are made in many charming ways and all show the desired fullness and extra width. All of the representative materials of the season are here, including all-wool Poplin, Men's Wear Serge and Shepherd Checks. If you are still looking for a suit, you should certainly see these. Don't pay full prices elsewhere when an opportunity such as this crosses your path. Remember there are just fifty-eight suits in the lot. That means quick action is necessary if you want one of these high class garments for so little money..

Alhambra Friday and Saturday.

If you were a beautiful young girl whose sister had fallen a victim of a wealthy young chap and that same fellow were to make love to you—and if the sister followed him to your home with the intention of shooting him, would you scream and run away or would you take command of the situation? Mary Pickford took the revolver out of the girl's hand, held the man at bay with it and sent for a minister. When the reverend gentleman arrived, she concealed herself behind a curtain and held the gun to the man's back while he went through the wedding ceremony.

It all happened in "The Eternal Grind."

Chaplin in "Carmen."

George K. Spoor, president of Essanay, has issued a statement in reply to the threat of Charles Chaplin that he would enjoin the showing of the "Burlesque on Carmen" in four reels.

This is one of the last photoplays produced by Chaplin for Essanay and was trimmed by Chaplin to two reels which was unsatisfactory to the Essanay company who took it apart and padded it to four reels.

Mr. Spoor said in regard to the rumor:

"No matter what Mr. Chaplin says, his contract with Essanay is in no way violated. We have paid Mr. Chaplin for "Carmen," and our contract gives us the right to use any or part of anything he made for us under that contract."

THE RAILROADS

Promotions Announced.

Several promotions of B. & O. freight office employes were announced by the local office Wednesday afternoon. The changes, however, as anticipated by local offcials, did not reach any local employes. The changes were made in station in this vicinity. F. M. Jordan, freight agent at Marietta, was promoted to traveling freight agent of the B. & O., with headquarters at Columbus, Ohio. E. C. Dounda, agent at Monroeville, was transferred to the Marietta position. Roy Yaeger, clerk in the Columbus freight offices was assigned the position at Monroeville. —Times Recorder.

Coal Rate Case.

Hearings began before the Interstate Commerce Commission today on the proposal of coal-carrying railroads to increase freight rate 10 to 15 cents a ton on bituminous coal from mines in Tennessee, Kentucky, West Virginia and the Connellsville district of Pennsylvania to points in Ohio, Indiana, Michigan and other points in Central Freight Association territory.

Car Shortage to Last.

J. B. Ford, Assistant General Freight Agent, Queen and Crescent Route, declared yesterday that from 75,000 to 100,000 freight cars, all loaded, are tied up in various ports along the Atlantic Coast, and that the car shortage will continue until these are unloaded and returned West. Some of them, he said, have been used as warehouses for months.

AMERICANS IN NORTH MEXICO ARE NOT SAFE

WARNED BY UNITED STATES CONSUL IN DURANGO TO LEAVE THE CITY.

Trouble Seems to be Due to Anti-American Campaign Conducted .. by Mexican Newspapers.

[ASSOCIATED PRESS TELEGRAM]

El Paso, April 27.—Disturbing reports were received here today from many points in Northern and Central Mexico regarding anti-American feeling on the part of the peons. The most serious of these reports referred to towns in Durango and especially in Durango City, where the Americans, still living there have been repeatedly warned by United States Consul Coen to leave. As far as can be learned here, there are not more than a dozen Americans still in Durango City, the majority of whom have married into Mexican families and for that reason have so far considered themselves safe.

The present trouble seems to be due in part to the persistent anti-American campaign which has been carried on by the Mexican papers in the state capital. This campaign has increased in violence since the clash at Parral between United States soldiers and Carranza troops.

Americans who have arrived here from Durango and Southern Chihuahua say that the Parral incident has been magnified out of all proportions, and grossly distorted by Mexican newspapers which have described it as a great Mexican victory. The Americans are believed by this paper not only to have been badly beaten but to have shown cowardice and run away after massacreing a number of women and children.

At the same time most of the reports agree that Carranzaists and other responsible authorities have done everything in their power to restrain the civilian population and have shown an earnest desire to avoid an outbreak.

The uncertainty over the whole Mexican situation is believed here to be greatly increasing the dangers of serious friction, and there is a general relief that the coming conference between Hugh L. Scott and General Obregon will have a quieting effect.

A Wonderful Water

Cleans You Inside As Soap and Water Cleans Your Skin

If the men and women of this country understood the importance of inside cleanliness what a bright and cheerful people we would be.

Constipation makes us nervous and depressed. You simply can't feel good when the bowels are clogged, because this waste that clogs them turns to poison, causing headaches, biliousness, foul breath and pimply, blotchy skin. Even the digestion gets upset because the fresh food becomes contaminated with this sour waste.

A little Tollo Water each morning before breakfast will carry off this waste by flushing the stomach and intestines in an easy, natural way and nature does the rest.

Don't take drugs that are habit-forming and expel the waste by violence. Go to your druggist today and get a bottle of Tollo Water, it only costs a trifle; before you eat breakfast tomorrow morning pour out about one-third of a tumbler of Tollo Water and fill with plain water—hot, if convenient—and drink it. Then eat your breakfast and enjoy it, because it will be going into a clean, refreshed stomach, ready to take up its work of extracting the nourishment and sending it to every tired nerve and muscle clean and wholesome.

Doctors send thousands of people to Dawson Springs, Kentucky, each year to drink this water. Talk to anyone who has been there. They will tell you it works wonders for tired, nervous, run-down people.

Watch Child's Cough.

Colds, running of nose, continued irritation of the mucous membrane if neglected may mean Catarrh later. Don't take the chances—do something for your child: Children will not take every medicine, but they will take Dr. King's New Discovery and without bribing or teasing. It's a sweet pleasant Tar Syrup and so effective. Just laxative enough to eliminate the waste poisons. Almost the first dose helps. Always prepared, no mixing or fussing. Just ask your druggist for Dr. King's New Discovery. It will safeguard your child against serious ailments resulting from colds.

CONFERENCE OF MISSIONARIES AT WASHINGTON

[ASSOCIATED PRESS TELEGRAM]

Washington, April 27.—The natoinal missionary conference of the Laymen's missionary movement, in session here, today resolved itself into an "experience meeting." The speakers illustrated the possibilities of missionary achievement by giving details of results accomplished in parishes, in groups of parishes and in entire communities.

The program for the afternoon called for a discussion of the "present day world appeal to American laymen." James L. Barton was to give the appeal from the "Moslem World," John P. Jones from the "Hindu World," S. Harrington Littell from the "Buddhist World" and Francis J. McConnell from the "Christian World." John M. Moore, secretary, was a speaker.

President Wilson was to receive the delegates at the White House during the day.

CHINESE TRADE IS AFFECTED BY INCREASED RATES

[ASSOCIATED PRESS TELEGRAM]

Washington, April 27.—The latest advance of 25 per cent in Pacific ocean freight rates will have a serious effect on China's trade with the United States, according to information reaching the department of commerce today from consular sources. Business generally in China, said the report, is dull. Prices on imported goods have advanced and the interior is draining Shanghai of goods purchased prior to the war.

The scarcity of dyes in China has become acute. The nation, like the United States, has depended upon Germany for colors. Just now textile manufacturers are planning to revive the ancient vegetable dye industry to supply the demand.

TRAIN SERVICE SAFER IN 1915; FEWER KILLED

A comparison of the fatalities to railroad employes during the past 15 years is made by the Railway Age-Gazette and is interesting as showing that train service is becoming safer. The Gazette says:

"There were less fatalities to railroad trainmen and enginemen in 1915 than in any other year since the Interstate Commerce Commission began to complete its accident statistics, in 1890, although the number of such employees has more than doubled in that time," says the Railway Age Gazette in an editorial in its current issue. The Railway Age Gazette compares the accident bulletin recently issued by the Commission with the record for the past 25 years, showing the steady decrease in the hazard of the work of the train employees now demanding a wage increase of $100,00,000 a year.

"The argument that railway train service employees are engaged in an especially hazardous occupation," it says, "has been effectively used in securing advances in their wages in the past and is included in many of the statements published in their behalf in connection with their present campaign for higher pay. It is undoubtedly a fact that the trainmen are paid wages so much higher than those of other railway employees, or than those of men engaged in other kinds of work, because of the risks attendant upon their employment. However, because of the risks attendant upon their employment. However, now that the wages of train employees have been increased nearly 40 per cent in 10 years while the hazard has been steadily decreasing for several years, the subject loses its force in an argument for still higher wages.

"The accompanying table, compiled from the accident statistics of the Interstate Commerce Commission, shows the number of fatalities to train service employees on the railways of the United States for the past 25 years and also the proportion of fatalities to the total number employed in each year.

Year	Fatalities to Trainmen	Trainmen Employed for One Killed
1890	1,459	105
1891	1,533	104
1892	1,503	113
1893	1,567	115
1894	1,029	156
1895	1,017	155
1896	1,073	152
1897	976	165
1898	1,141	150
1899	1,157	155
1900	1,396	137
1901	1,537	136
1902	1,674	135
1903	2,070	123
1904	2,114	120
1905	1,990	133
1906	2,310	124
1907	2,537	125
1908	1,842	150
1909	1,344	205
1910	1,855	171
1911	1,708	182
1912	1,663	191
1913	1,700	198
1914	1,477	211
1915	884	340

"In 1915, when there were approximately 300,000 train employees on the railroads of the United States, the number killed was 884, or about one to every 340 train employees. In 1890, when there were only 153,000 train employees, the number killed was 1,459, or one to every 105 in service.

"The increase in the safety of railway operations as indicated by these statistics is especially notable during the past 10 years. Less than half as many trainmen employees were killed in 1915 as in 1905, although the number in service in 1915 was about 15 per cent greater. While the proportion of fatalities in 1905 was one to each 133 employed, in 1915 it was about one to each 340.

"It will also be noted that the proportion has been decreased each year since 1910, from one in 171 to one in 340, while from 1914 to 1915 the proportion was reduced from one in 211. and the absolute reduction was 67 per cent."

STUBBORN ECZEMA HEALED BY AMOLOX

We are daily receiving letters of praise from people who have been cured by Amolox. Many of them tell how, for years, they have tried different remedies and doctors in the vain effort to find relief. Some become discouraged and lose all hope of ever being cured. E. R. Frisbee, 187 Sycamore St., Mansfield, O., writes: "Our baby's face was covered with eczema scales, sores and scabs. She was a pitiable sight. We tried everything. Took her to Pittsburgh doctors but were unable to find any relief until we used Amolox. It cured her within a short time."

Amolox ointment will quickly heal pimples on the face, red nose, and minor skin troubles. Chronic cases of dry or moist scaly eczema require both the ointment and liquid to effect a cure. At all drug stores. Trial size, 50c. Recommended and guaranteed by T. J. Evans.

ESTABLISHED IN 1820

Entered as Second Class Matter March 10, 1882, at the postoffice at Newark, Ohio, under Act of March 4, 1879.

When the Zeppelins go over England, general business is looking up.

The coachman has nothing on the aeroplane chauffeur in the ability to go in high society.

Those people who do not give in their automobiles for taxation doubtless do not want to appear ostentatious.

A question for country schools to debate: "Which has done most for mankind, the wheelbarrow or the automobile?"

"Pajamas will be very short," the announcement assures us. We think that, seeing that "Pajamas" is the name of a new novel.

It would be a horror of war we are ill prepared for, if the record-breaking prices of quicksilver were to interfere with the production of my lady's mirror.

A college professor wants the members of congress to exercise more in order to improve their health. Well, the season for repairing fences will soon return.

German newspapers, fearing a shortage, have asked the government to regulate the paper supply. The government may realize now that it should have conserved some of these "scraps."

A man who wed on Friday the thirteenth was divorced on Friday the thirteenth. And in his divorce petition he seemed to think that every day of three years between seemed like Friday the thirteenth too.

No sooner does manly independence reach Washington than the insidious forces of hidden government begin to work upon and corrupt it. For instance, Representative Cyclone Davis, from Texas, who has already fallen under their assaults and gone to wearing the collar like all the rest. But, urges the subdued Cyclone, it is a very low collar, suh.

The Fly Nuisance.

Public sentiment has made excellent progress in regard to the fly pest. Many of us can remember from our childhood how indifferent people were to this plague. They accepted it as one of the trifling annoyances of life, to be ignored by all sensible people. To fret because of the attacks of insects was regarded as a sign of childishness and lack of self control.

It was more customary in those days to build stables quite near houses. In many places the fashion prevailed of attaching them directly to dwellings, sometimes connected with a woodshed or carriage house. No good reason appeared for this proximity, except possibly that on a stormy day the owner could go out to his beasts without getting wet, a very poor excuse for a thoroughly undesirable arrangement.

The result was that perfect swarms of flies, attracted by animal refuse, would swarm in such places and plague a whole neighborhood. People would stand the nuisance all day. Perhaps at night to get a little relief, they would organize fly driving campaigns, and pursue the little vermin with feather dusters brooms and newspapers. After about an hour the flies would be as thick as ever, having crawled out from their places of refuge. It would be a disgusting sight today to see them feeding on our food at table as they used to do so freely.

A well screened house is accepted now as one of the essentials of comfort. Summer hotels and boarding houses that don't provide this essential must not expect to see many guests return for a second vacation.

As long as flies were regarded as a mere annoyance, it was well enough to maintain spartan indifference. Now that everyone knows that they are a principal carrier of disease, it is another matter. Property owners should have a care how they build stables near dwellings, and should reduce the fly breeding conditions as low as possible.

Automobile Learners.

The lower price for automobiles is multiplying the machines and many learners are on the road taking lessons in driving.

The most conservative citizen may be transformed when he first gets behind the steering wheel. Previously he has demanded jail sentences for fast driving. But in the car he fails to realize how fast he goes. The process of stopping and starting looks difficult and he is fearful of stalling his engine. He is apt to keep going in a mix-up of teams and people, when he ought to stop and let the tangle clear up.

Many people who have ridden bicycles get certain elements of driving very quickly. After they have gone 25 miles, they can make an excellent bluff at steering a car in the open country. This gives them premature confidence and boldness. They think their education is complete, and go banging through the next town with teams tied at hitching posts, carriages going both ways, and bicycles, children and elderly people on the streets. Only by a miracle of deftness can the instructor save them.

The difficult thing is not learning to steer on a straight track. That is nothing. It is the quick, unconscious shifting of gears and changing of speeds and directions to get around in towns. It takes time to acquire this skill. Those who think too soon that they have it, are likely to find their mistake to their cost.

The position of instructor for a garage or selling agency is responsible. The teacher needs to impress on the learner that he is in control of a machine of whose power and destructiveness, he has little realization. He needs to caution him when he sees trouble ahead, and not let him get up to his neck in a tight place. There is too much of a tendency to place immature fellows in this important post.

WHEN RUN DOWN

Hood's Sarsaparilla, the Reliable Tonic Medicine, Builds Up.

The reason why you feel so tired all the time at this season is that your blood is impure and impoverished. It lacks vitality. It is not the rich red blood that gives life to the whole body, perfects digestion and enables all the organs to perform their functions as they should.

Get Hood's Sarsaparilla from any druggist. It will make you feel better, look better, eat and sleep better. It is the old reliable tried and true all-the-year-round blood purifier and enricher, tonic and appetizer. It revitalizes the blood, and is especially useful in building up the debilitated and run-down.

Hood's Sarsaparilla is helping thousands at this time of year. Let it help you. Get a bottle today and begin taking it at once. Be sure to get Hood's. Nothing else acts like it.

A Warfare On Typhoid.

(Philadelphia Record.)

When one recalls the ravages caused by typhoid fever in Philadelphia so recently as ten years ago there is every reason why this city should feel proud of the very excellent showing made by it in 1915, when the mortality from this once dreaded disease was reduced to 6.6 deaths in each 100,000 of population. On a basis of a population of 1,700,000 this would give 112 deaths in the year—a number trifling in comparison with the mortality from many other diseases, which cause little or no comment.

This splendid record, surpassed among large cities only by New York, Chicago and Boston, is, of course, due to the filtration of the water supply. It can be still further bettered if public sentiment can be aroused to the necessity of correcting many unsanitary conditions, especially in the southern section of the city, where typhoid is making its last stand. If all cesspools could be abolished and all property owners forced to connect their houses with sewers the disease could be eliminated so far as local causes are concerned. Cambridge, Mass., with only 1.8 deaths per 100,000 of population, shows how much can be accomplished in this direction. With a purified water supply, all built-up streets sewered and greater attention paid to cleanliness in all homes typhoid fever could be practically abolished from Philadelphia in the next five years.

Columbus lectured about America at Salamanca, a sort of European Harvard in 1492, when the city contained 10,000 students.

Panic-Proof.

(New York Commercial.)

Congress may vote large appropriations for naval and military purposes at their session—the Senate has already raised the regular army to a quarter of a million men—and the Federal Government may be forced to sell bonds before long. With the United States is a borrower in Wall street the money market will stiffen a little, but so vast are the banking resources of the country that a Government bond issue of two billion dollars could be absorbed without a quiver. Money would not remain on the bargain counter, where it is today, but interest rates would not become excessive. New York is in a much stronger position than London, and the bank rate in London has remained unchanged at 5 per cent. since August 8, 1914, or ever since the first week of the war. Our Federal Reserve system is supposed to be superior to the English system. If it is, our business men can regard the future with equanimity a far as the cost of money is concerned.

We have bought back securities valued at $1,500,000,000 or more from European investors since the war broke out and we have lent about $1,000,000,000 to foreign countries. Included in our purchases of our own stocks are 651,167 shares of United States Steel, common, leaving 634,469 shares in the hands of European investors as compared with 1,285,036 shares they held two years ago. On balance the United States is now a creditor nation for the first time in its history and is, therefore, better prepared than ever before to finance its own Government. A proper realization of this fact will steady the nerves of our business men. There will be no money panic no matter what happens.

Russian Troops In France.

(New York World.)

That a strong force of Russian troops should have been sent to France is amazing. But why Russians and not British? Why are Russian troops brought clear from Eastern when a few miles away, across the English Channel, are hundreds of thousands of British soldiers who have not yet been under fire? Great Britain has raised an army of 3,500,000 and by compulsory service is increasing it rapidly. Is it so paralyzed by the fear of a German invasion of England that it dare not exert its strength in rendering aid to France? The British military policy of procrastination is today the most puzzling aspect of the war.

For the past twenty months Russia has been under constant attack by Germany and Austria and has suffered tremendous losses. By comparison, in Flanders and France, at Gallipoli and in Mesapotamia, Great Britain's losses have been relatively light. If Russia can move troops for its ally's sake to the western front, it must be from supreme confidence in its own ability to hold Germany and Austria in check from the Baltic to Balkans and drive home its campaign against the Turks in the Caucasus.

It is an ominous event for Germany that a Russian army has disembarked at Marseilles. That army may not immediately change the course of the war, but it demonstrates that, though France may be bleeding at every vein and though Great Britain may debate and delay aggressive action, Russia's armies are constantly replenished and no enterprise is too great for it to undertake in a spirit of loyalty to its allies.

The fact that Ambassador Von Bernstorff assumes for Germany entire responsibility for Wolf Von Igel, the clerk indicted for taking part in the Von Papen bomb plot, will also help to reconcile us to the loss of Germany's friendship manifested in so many different ways, since she advertised the blowing up of the Lusitania in our own newspapers.—Washington Herald.

Public Schools.

Editor of The Advocate:—On Friday evening at 8 o'clock in the High School auditorium, the pupils of the East Main Street school will give an entertainment to raise funds to purchase a Victrola and records for this building. Almost two hundred children will have a part in this entertainment. The Principal and teachers have been drilling these children for several weeks and have put in many extra hours in order to give a first class entertainment. While this school is located in the east end of the city, I hope that the friends of public schools in all parts of the city will attend the entertainment and encourage the teachers and pupils who have gone to much trouble and considerable expense. Tickets for the Friday evening entertainment are 25 cents and may be purchased from any teacher or any pupil in the city. This entertainment will be typical of what can be done by the pupils in the public schools of the city.

How To Break Up A Bad Cough

The following prescription is now being widely used in New England for breaking up severe coughs and colds, catarrh, bronchitis and thereby preventing Grippe, Pneumonia or other serious and permanent lung trouble.

Get from your druggist a large bottle of Oxidaze (containing ninety tablets) and every two hours allow one of the tablets to slowly melt in your mouth so that its powerful healing juices, mixing with the saliva, will reach and heal the inflamed membranes, clear the throat of all dangerous germ life, loosen a dry, hoarse or tight cough and by stopping the formation of phlegm in the bronchial tubes quickly end the persistent "hang on," loose cough. Many a serious, possibly fatal, case of lung trouble or pneumonia can be prevented by the simple use of Oxidaze in this way. And, as the tablets are pleasant and easy to take, are not at all expensive, contain no harmful or habit-forming drugs, and as W. A. Erman, Evans Drug Co., and other leading druggists everywhere sell them on a positive guarantee that they will stop a cough or money back, no one who has a cough or cold can lose by giving them fair trial. Be sure to insist on Oxidaze and take nothing in its place. A single package taken now may easily save many dollars in doctor's bills in future.

That Ulysses S. Grant was born April 27, 1822, at Point Pleasant, Clermont county, Ohio? At the age of 17 he entered West Point, where he graduated in 1843, number 21 in a class of 39. He was married in August, 1848, to Miss Julia Dent of St. Louis, Missouri. He was made President in 1869 and again in 1873. He died July 23, 1885, and was buried August 8 at Riverside Park, New York City. His funeral was attended by nearly 2,000,000 people and the pageant on this occasion was one of the greatest in the history of the world. Though one of the most distinguished military leaders, his letter of acceptance of the Presidential nomination in 1868 contained the sentence, "Let us have peace." Early in his adminstration the "Quaker Peace Commission" was appointed to deal with the Indians. During his fatal illness he accomplished one of the greatest works of his life — his "Personal Memoirs."

ION-O-LEX

Wonderful New Remedy for Neuritis, Sciatica and Acute Rheumatism

The latest scientific discoveries in England, on which the remarkable new remedy Ion-o-lex is based, have revealed the fact that in true neuritis there is an escape of neuro-electricity, or nerve energy, due to a break-down of the insulating substance of the nerve sheaths.

It has also been proved that it is extremely difficult (and frequnetly impossible) for nature to repair the damage done to the injured nerve sheaths which are constantly overionized at the points of inflammation.

These facts have been absolutely proved by instruments so delicate that they measure the nerve currents of the human body and instantly locate any points where there is an escape of vital energy.

Obviously drugs can do little or nothing to restore the injured nerve sheaths at the inflamed points; the only logical thing to do is to re-insulate the injured nerve sheaths—and stop the inflammation, thus allowing the nerve currents to circulate without leakage. Once this is accomplished nature heals the lesion and stops pain and inflamation. This is exactly what Ion-o-lex does. It penetrates the tissues re-insulates the nerve sheaths and stops the inflammation. This is done so quickly as to surprise both physicians and patient.

The same conditions as described above are proved to exist wherever there is acute inflammation in any part of the body and Ion-o-lex (liquid) and Ion-o-lex Ungent constitute a treatment which is not only approved, but which is used extensively by the medical profession throughout the whole range of inflammatory diseases such as coughs, pneumonia, bronchitis erysipelas, appendicitis, etc., as well as in simpler things like catarrh, piles, bruises, strains, wounds, burns, etc.

A trial will demonstrate the remarkable effectiveness of these remedies. They contain no opiates, narocotics or anything harmful whatever. Ion-o-lex is dispensed by Evans Cut Rate Drug Store and other leading druggists under a guarantee—money refunded if it does not stop inflamation.

Pedestal Lights In Church Street Will Be Installed

Business men in Church street, between Third and Fourth, will at their own expense, install a series of pedestal lights on the street as a means of making that thoroughfare more attractive at night. Dr. J. T. Lewis, S A. Alban and Frank S. Horner were at the head of the movement and this morning Service Director Christian was authorized to purchase the posts and materials for the lights for immediate shipment.

The design will be something similar to the cluster lights in the courthouse park. Each post or pedestal will be equipped with five large lights. The cost of the materials and installation will be borne by the business men on the street and the current for the lighting will be furnished by the city plant when it is in operation at the municipal waterworks station. The installation work will be done this summer and the lights will be turned on early in the fall.

Property Owners Hear the Merits of Asphalt Praised

Property owners interested in the paving of Chestnut, North Fifth and Commodore streets, last night heard representatives of the Federal Asphalt Paving Company praise the merits of asphalt as a paving material for city streets. An effort is being made to induce the property owners to pave these streets with asphalt. It was apparent from the expressions of opinion at the meeting, that the property owners want the lowest priced pavement to be secured. Another meeting will be held next Tuesday evening the council chamber, city building, when the question of material will be decided. The property owners have asked that this meeting be attended by the board of control, which awards the contract.

IT NEVER FAILS TO END MISERY OF PILES

"Hundreds of people in this vicinity," says Peterson, "know of the mighty healing power of PETERSON'S OINTMENT in eczema, salt rheum, old sores, itching skin and ulcers. They know it cures these ailments—that it is guaranteed to cure them."

Now I want to say to every sufferer from piles, either blind, bleeding or itching, that I will guarantee that a 25 cent box of PETERSON'S OINTMENT will rid you of piles or your druggist will return your money.

"For years I suffered terribly with itching and bleeding piles. I tried everything and despaired of ever getting rid of them. It gives me great pleasure to state that Peterson's Ointment entirely cured me, and I sincerely recommend it to all sufferers."—Yours truly, David A. Seymour, Supt of Parks, Buffalo, N. Y.

RUSHING WORK ON BOATHOUSE AT THE LAKE

Work is being rushed on the central boathouse which is being erected in the little lake, officially designated as "Crane lake," and it is expected to turn in the water by Saturday, May 6. This will give all boat owners an opportunity to overhaul the boats before that time.

Messrs. Defenbaugh and Fisher, park lessees have completed the driving of piling for the big boathouse and today put 25 carpenters at work erecting the same and it will be rushed to an early completion.

After the transfer of boats has been made the old boathouses will be torn down. An attendant will be at the new boathouse at all times and will look after the property of the boat owners.

Donnelly-Moran.

At 8 o'clock Thursday morning was solemnized the marriage of Miss Helen Marie Moran to Mr. James Martin Donnelly. The wedding took place in St. Francis de Sales church, where the altars were veritable bowers of Easter flowers. The high altar was adorned with Easter lilies and streamers of white tulle while the priedieu, was covered with white and draped with smilax. The whole was lighted with myriads of candles.

Rev. Father P. J. Ruane celebrated the nuptial mass, and read the marriage service. The bride was attended by Miss Edna Tyrell of Youngstown. The bride wore a coat suit of midnight blue taffeta with a leghorn hat faced with the blue. Her bouquet was a corsage of lilies of the valley and sweet peas. Miss Tyrell wore pink and white sweet peas. Mr. Donnelly was attended by the brother of the bride, Mr. James Moran.

Following the ceremony a wedding breakfast was served the immediate families at the bride's home in South Sixth street. The rooms were arranged in Easter flowers and the bridal table was centered with a crystal basket filled with pink and white roses. Pink shades canopied the candles and the place cards were miniature brides and bridegrooms. Covers were laid for Mr. and Mrs. Donnelly, Miss Tyrell, Mr. James Moran, Mr. and Mrs. James Donnelly, Sr., Mrs. Margaret Moran, Rev. Father Ruane and Rev. Father B. M. O'Boylan.

Mr. and Mrs. Donnelly left on a short trip and on their return will reside for a time in a hotel at Akron. Mr. Donnelly is employed as operator for the B. and O. railroad company in that city.

Mrs. Donnelly is the daughter of Mrs. Margaret Moran of South Sixth street, while the bridegroom is the son of Mr. and Mrs. James Donnelly, Sr. He was graduated from St. Francis de Sales high school with the class of '13 and was a student at Ohio State University.

MOOSE LODGE'S CARNIVAL WEEK BEGINS MAY 15

Weather permitting, the month of May is going to be a busy one for Newark pleasure seekers. There will be a carnival and a circus, two of the best in the business, offer their wares to the local public.

Following the custom of the past four years the Loyal Order of Moose, announced today, that they will hold their fourth annual carnival here the week of May 15.

The carnival committee yesterday closed a contract with the Hampton's Great Empire Shows to bring its entirely new organization to this city for one week. The Hampton Shows this season is claimed to be the best of any years and the equipment is new throughout.

Paul Bowser, Newark's popular middleweight wrestler, and holder of the world's championship, has signed a contract to appear with the Hampton Shows this season. Bowser will head his own show, which will be one of the features of the carnival.

Special days have been arranged for by the carnival committee. There will be Elk's, Eagles, Masonic, Odd Fellows contests put on. The new Chamber of Commerce will be invited to take charge of the "Get To-getherDay" of city merchants, manufacturers and Township Farmers Association.

The Hampton Shows is composed of sixteen shows, two rides and has in all twenty new cars, which will handle the company.

SUES FOR ALIENATION.

Coshocton, April 27.—A jury in common pleas court yesterday heard the testimony in the suit of Carrie P. Anderson vs. Dora Cohen in which the plaintiff charges alienation of the affections of her husband, John C. Anderson. Anderson and Miss Cohen were married in Buffalo, after Anderson had courted Miss Cohen in Coshocton where he was employed after the 1913 flood. At that time Anderson's wife was living at Steubenville. Anderson was later arrested and convicted on a bigamy charge and now his wife seeks $10,000 damages from Miss Cohen for alienation of her husband's affections.

DIVIDEND PAID BY THE OTSEGO OIL COMPANY

The Otsego Oil Company yesterday declared its fortieth dividend, making a total of $150,000 that has been disbursed on an investment of $25,000. Dr. J. G. Shirer and James W. Rutledge of this city are directors in the company.

The company is located at Otsego, O., there being about forty wells on the lease. None of the wells are large but are steady producers. The company recently sold 4,000 barrels of oil at the advanced price of $2 per barrel.

RHEUMATISM QUICKLY RELIEVED

Relief in Every Rub

There is nothing that will stop the agony so quickly and also reduce the swelling as true Mustarine, which every druggist has in an original yellow box at trifling cost. Just rub it on; it warms up the joints in a minute and keeps them warm and free from pain and twinges for hours. For Asthma, Sore throat, Chest colds, Pleurisy and Lumbago, true Mustarine acts instantly. Get the genuine made by the Begy Medicine Co., Rochester, N. Y. T. J. Evans guarantees it.

Co. B. Old Guard In Columbus To Honor Old Flags

Co. B, Old Guard, as well as a number of the members of Lemert Post, G. A. R., were in Columbus today where they took part in and witnessed the ceremonies which marked the transfer of the Ohio battle flags to the permanent cases in the rotunda of the state house. An elaborate program was arranged by the patriotic bodies in Columbus. One of the features was a 21-gun salute by a battery of national guard artillery in honor of the occasion.

Flags were displayed on the city building here in honor of the occasion.

Markets

Iron Trade Review.

Cleveland, O., April 27.—The Iron Trade Review today says:

The pig iron market during the past week has been characterized by the buying in a very quiet way of large tonnages. An illustration of the remarkable conditions prevailing is found in the fact that the Bethlehem Steel Co., which is a large producer of pig iron and usually a seller, has been compelled to come into the market and 6,000 tons of basic in order to make deliveries on iron sold to an eastern consumer some time ago. In order to keep its contract ,the Bethlehem company has accepted a loss of about $2.50 a ton. Very heavy sales of pig iron have been made by Buffalo furnaces, estimated at not far from 150,000 tons, including a large tonnage to a radiator company.

,An important development is the letting of contracts for a large ship yard to be built at Chester, Pa., by the Sun Co., an oil concern. This will be the biggest yard in the country with the exception of that of the New York Ship Building Co. It will require 60,000 tons of steel annually.

Chicago Grain.

[ASSOCIATED PRESS TELEGRAM]

Chicago, April 27.—Wheat prices developed fresh strength today influenced somewhat by a renewal of optimism as to the outcome of the crisis between Washington and Berlin.

The opening, which ranged from a shade to ⅜ higher, with May at 1.14½ to ¾ and July at 1.15¼ to ½, was followed by a moderate setback but then another bulge.

Corn hardened with wheat. Bears, however, made much of reports that the country was selling more freely than has recently been the case. After opening a shade off to ¼@⅜c higher, prices reacted a little, though only in a transient fashion.

Oats lacked support. Liquidating sales by holders of the May option continued.

Speculative buying of lard put firmness into the whole provision list. Offerings of lard appeared to have dried up.

Wall Street.

[ASSOCIATED PRESS TELEGRAM]

New York, April 27.—Material recoveries from yesterday's final prices were registered at today's opening although gains were again offset by moderate losses. The familiar specialties, particularly American and Baldwin Locomotives, Crucible Steel, Studebaker and U. S. Industrial Alcohol advanced 1 to 1½ points, and U. S. Steel, which was under restraint in the previous session also sh[illegible] marked improvement. There wa[illegible] under demand for high class rails, the Pacifics Reading, Erie, Chesapeake and Ohio rising 1 to almost 2 points with further activity in Norfolk & Western. Mercantile marine preferred was firm but the common receded a point. Bethlehem Steel fell four to 35.

Rails assumed a more commanding position later , that group probably deriving its stimulus from Norfolk & Western's increased dividend and the more favorable outlook. Coalers, particularly Erie, Reading and some minor issues, increased their advantage and New Haven gained 2 points of its recent decline. Munitions and equipments made further upward progress, despite considerable realizing and opposition from the short interests. A few inactive high priced specialties, including the sugars and Sears-Roebuck, were five to 14 points higher. Trading broadened on the greater activity. Bonds were steady.

Reading at an extreme advance of 4½ points, featured th efinal hour's active movement. The closing was strong.

Led by the more important rails, and in the face of further disturbing foreign advices, today's broad market recorded numerous substantial gains.

TO THE DEMOCRATIC VOTERS OF LICKING COUNTY

Gentlemen:—

I am with you once again as a candidate for County Recorder. You gave me a very good vote four years ago. This time, I hope to be your nominee.

I have never held a county office and this is the only one I shall ever seek.

Thanking every one for past support and with good will toward all, I am,

Yours truly,

A joint application filed by the Canton Electric Company, The Sunnyside Electric Company and the Ohio Light and Power Company, seeks permission from the Public Utilities Commission of Ohio, to sell the property of the Sunnyside and the O. L. & P. companies to the Canton company which has changed its name to the Central Power Company, according to an official notification received this morning by Mayor Bigbee from the commission. All three companies are subsidiary companies controlled by the American Gas & Electric Company of New York. According to Manager Epnes of the Ohio Light & Power company, the action is only for the purpose of consolidating all the subsidiary companies in the state under one head.

The mayor was notified as chief executive of the city, so the city could send representatives to appear before the commission and give any facts pertinent to the proposed consolidation, if it wished.

The Canton company also applies for permission to issue bonds and preferred stock to pay the purchase price and to refund indebtedness of all three companies.

GERMS ARE DANGEROUS

Do not overlook the importance of having your home entirely free from disease germs which lurk in many places even in the most modern homes and become dangerous to good health. Every home should have a bottle of hyclorite antiseptic ready for instant use, as there is nothing so effective when applied to burns, scratches or bruises, because hyclorite instantly kills the germs that infect the wound or bruise.

For acid mouths, for cleansing the crevices as well as the surfaces of the teeth hyclorite is positively necessary.

Rinse the mouth and gargle with a few drops of hyclorite and you will escape throat troubles and other germ diseases and the mouth and breath will be clean and sweet.

Hyclorite is used extensively in hospitals, by dentists and physicians and sold by druggists most everywhere. It is the one thoroughly reliable antiseptic and should be in every home.

NO SESSIONS FOOD SCHOOL ON THURSDAY

BREAD-BAKING DEMONSTRATION SHOWING DOUGH NEEDS NO KNEADING.

Was Given Wednesday Afternoon — Lectures Will Continue Friday and Saturday.

Program for Friday Afternoon.

Subject.
"The Buying and Selecting of Foods."
MENU:
Snip Noodles
Crown Roast of Lamb in Cooker
Currant Sauce
Dauphine Potatoes
Butterfly Tea Tartlets

Owing to the fact that another meeting was arranged to be held in the High School auditorium Thursday afternoon, before it was engaged for Miss Hanko's Better Foods, Better Homes lectures, she is not holding a session today, but lectures again tomorrow afternoon and on Saturday.

The two remaining sessions of the course are the most interesting on her program. Tomorrow afternoon she will give a fine demonstration of how to roast a cheap cut of lamb in the fireless cooker and will also give another pastry lesson. Her talk will be on how to wisely select and economically buy foods for the family. Saturday's sesson is a particularly attractive one. Miss Hanko gives her cooking lesson first and follows this with a pleasing illustration of how to set the table and how to serve a meal in a manner which is most convenient for the one who serves as well as for the ones who are seated at the table.

On Wednesday afternoon the school opened with a bread baking demonstration by Mis Hanko, who derided the old-time method which required from 14 to 18 hours devotion to insure a "good rising". Miss Hanko has reduceed that to 4 hours and offers even a better quality of bread. She also horrified the old-time devotees of bread baking when she refused to knead the bread, but would pick it up and throw it forcibly upon the bread board exposing a new surface each time. At the conclusion of the demonstration a number of questions were asked showing the interest of those in attendance.

Miss Hanko then gave her daily lecture, her subject on Wednesday being "Testing of Foods in the Home." She dwelt at length upon the responsibility placed upon the housewife to be certain she gets what she asks for. Her first advice was to read the label on all goods, and if an ingredient is contained that is foreign to the substance or detrimental to the system do not purchase the article. In buying bottled catsup, do not get one that contains any benzoite of soda, because this is injurious to the body, as is alum in baking powder, and artificial coloring. Buy articles that give you the net weight not the gross weight, for in the latter you pay for the weight of the can or bottle.

In testing meats, their worth can generally be determined by the coloring. Meat should possess a deep heavy red color. If it is a brilliant red it probably has been doctored with formaldehyde or sulphite. She told also of the habit of some establishments in mixing cereals and starch with sausage and hamburger steak. This is not a fraud on the stomach, because it is not injurious, but it is a fraud on the pocketbook. The starch in the meat can be detected by breaking a little of it apart and dropping a drop of tincture of iron on it and if blue coloring results it proves the presence of starch.

The speaker especially urged the housewife to be careful of the milk. Its faults are usually, skimming, the presence of formaldehyde as a preservative, and the collection of a sediment in the bottom of the bottle or pitcher. This latter is to be watched, especially for it means a high percent of bacteria. Perfect sterilization is to be aimed for in canned goods, and it is but fair to say that most concerns have this. But if the vegetables have a brilliant green coloring, a coloring has been added and if the lids bulge it means the presence of gases and the food should not be eaten. Other things to be watched are extracts, molasses and vinegars.

Owing to the failure to procure halibut, the mock scallops were not demonstrated, but cheese food was substituted. Belmont salad with mayonnaise and boiled dressing was shown and a quick spice cake was made.

A continuation of the school will be held on Friday afternoon at 2:30 o'clock.

Queen Cake.

8 tablespoonfuls crisco, 1 3-4 cupfuls flour, 2 teaspoonfuls baking powder, 1 teaspoonful salt, 2 teaspoonfuls lemon juice, 1 1-4 cupfuls powdered sugar, 6 egg whites.

Cream and crisco gradually with the flour mixed with baking powder and salt, then add lemon juice. Gradually add sugar to beaten egg white. Cut and folk mixtures. Bake in a slow oven. It should bake longer than one hour. Cover with Opera Carmel Frosting.

Opera Carmel Frosting.

1 1-2 cupfuls brown sugar, 3-4 cupful thin cream, 1-2 tablespoonful crisco.

Boil ingredients together to the soft ball stage, which will take almost 40 minutes. Beat until rght to spread.

Calve Tarts.

Roll Flake or Plain Pastry 1-8 inch thick, and cut in rounds to cover an inverted circular tin. Cover tins with pastry, prick several times and bake until delicately brown. Place one-half a canned peach in each case, and fill cavity with one-half a blanched almond.

Apple Dumplings.

2 cupfuls flour, 2 teaspoonfuls baking powder, 1-2 teaspoonful salt, 4 tablespoonfuls crisco, 1-4 cupful milk, 5 apples, sugar sinnamon.

Sift flour, bafling powder, and salt together. Work in crisco with finger tips; add gradually milk, mixing with knife to a nice dough Roll 1-2 inch thick, cut into squares and lay in center of each an apple, pared and cored. Fill up centers with sugar and cinnamon and take corners off the dough and pinch together. Place in crisceed baking pan, dot over with sugar and crisco and bake in moderate oven for twenty-five minutes or till nicely browned. Serve hot with milk.

Sufficient for five dumplings.

FIRST WELL IN BLACK RUN FIELD SHOWS STRONG.

The A. H. Heisey company of Newark, drilled in its first well in the Black Run field on the William Niedenbaugh farm Wednesday afternoon and it has a good showing for oil. The well will be shot within the next few days. This is the first development of the company which has about 300 acres under lease in the territory. Several other wells of other companies in the same territory are nearing completion.

Milady's Boudoir

Flabbiness of the Throat.

Every night and whenever you think of it, if you are afflicted with a tendency toward a double chin, you should massage it a day. The finger tips should press lightly from the center of the throat, under the chin, back to the ear. Then, turning the hands over so that the thumbs are down, bring the finger tips out under the chin and upward toward the ear. At night this massage may be given with a good skin food. During the day repeat it merely with the finger tips.

If you note the least tendency toward flabbiness of the throat between the collar bone and below the chin, take this excellent physical culture exercise every night: Thrust forward the chin and throw forward the shoulders. With the teeth clenched and the lips drawn back, very much as a dog snarls, let your tongue press a long "hiss' against your teeth. You will immediately feel the tremendous pull and tightening of the muscles of the throat below the chin and in a few weeks, if you keep it up, the throat will round itself out.

If high or tight collars have left a disfiguring brown mark on your throat, rub lemon juice on the mark very gently, for the throat is tender and should never be reddened by harsh rubbing.

The milk bleach is a wonderful throat whitener and should be applied every night for a week. Heat a quart of milk to the steaming point and drop in two bandages of cheesecloth, doubled to several thicknesses and long enough to go around the neck.

While these are soaking, dab the neck thoroughly with cold cream taken up on a ball of absorbent cotton. Then apply the milk soaked compresses, changing them as fast as they cool. Keep this up for at least twenty minutes. Then bathe the neck in cool water and pat dry.

An Easy Way to Increase Weight

Good Advice for Thin Folks

The trouble with most thin folks who wish to gain weight is that they insist on drugging their stomach or stuffing it with greasy foods; rubbing on useless "flesh creams," or following some foolish physical culture stunt, while the real cause of thinness goes untouched. You cannot get fat until your digestive tract assimilates the food you eat.

There is a preparation known to reliable druggists almost everywhere which seemingly embodies the missing elements needed by the digestive organs to help them convert food into rich, fat-laden blood. This modern treatment is called Sargol and has been termed the greatest of flesh-builders. Sargol aims through regenerative, re-constructive powers to coax the stomach and intestines to literally soak up the fattening elements of your food and pass them into the blood, where they are carried to the starved, broken-down cells and tissues of your body. You can readily picture what result this amazing transformation should produce as with increased weight the cheeks fill out, hollows about neck, shoulders and bust disappear and from 10 to 20 pounds of solid, healthy flesh is added to the body. Sargol is absolutely harmless, inexpensive, efficient. Evans Drug Co. and W. A. Erman, 33 North Third street, and other leading druggists of this vicinity have it and will refund your money if you are not satisfied, as per the guarantee found in every package.

NOTE:—Sargol is recommended only as a flesh builder and while excellent results in cases of nervous indigestion, etc., have been reported care should be taken about using it unless a gain of weight is desired.

OLD HOTEL IN MARIETTA IS DAMAGED BY FIRE.

Marietta, O., April 27.—Fire of unknown origin broke out on the top floor of Bellevue hotel here last night, driving more than a score of guests into the street and doing damage estimated at $20,000. The building was a four-story structure and was one of the oldest hotel buildings in the state, having been built 25 years ago. When the blaze started most of the guests were in the dining room and fled from the building without returning to their rooms to gather their valuables. None experienced any difficulty in leaving the burning building.

The fire was one of the most spectacular to occur here in years and burned for two hours.

Siberia produces the best graphite for lead pencils thus far discovered. That is the source of supply for the German pencils. Australia, as well as Siberia, produces the material for an indelible pencil. America has a fair amount of lower grade graphite.

Our Boys and Girls

For the woman who can sow the best investment she can possibly make of her time is to buy one piece of smooth fine English nainsook or long cloth and herself cut and make the six little slips is probably the best. This style of dress is gathered at the neck and sleeves into little bands of narrow embroidery or beading and finished off with a tiny lace.

The whole should come to less than fifty cents for each garment, and if neatly made by hand she has a dress that would cost about three or four dollars to buy all made. These six slips will do for night and day, and will be enough, although it is well to have a best dress for the baptism and for the showing off which every poor baby must endure. One white petticoat for this best dress is plenty, as the slips are worn directly over the flannel skirt.

The tent fever rages every summer among the youngsters, and the only balm is to pitch the old shawl once more and find the little old carpet for the summer camp floor. A more up-to-date outfit for the kiddies is this, however:

Buy seven yards of good unbleached muslin, cut it in two and sew the two pieces together lengthwise. Then stitch a hem on all four sides and run ropes through them to be fastened to pegs at the corners. Put up two poles about four feet high, connecting them by a cross piece, and over this frame spread the muslin, pegging it securely.

This tent is cooler and airier than the old shawl tent and it has the same advantage over the enclosed tent of wigwam shape. A flag at one end is a proper finishing touch and the tent should be under a tree if posible.

Had Suffered For Over Eight Years

Doctors Advised an Operation but Simple Remedy Made It Unnecessary.

For over eight years Mr. U. S. G. Hemry, 806 East 6th St., Oklahoma City, had suffered with stomach and liver trouble until finally he could no longer stand the pain. He says: "The doctors told me nothing but an operation would give me relief. I decided to first try Fruitola and Traxo, which relieved me of a quantity of gall stones and I have no further pain or trouble from my old complaint. I would not take $500.00 for what your remedies have done for me."

Fruitola, as the name implies, is a pure fruit oil, combined with certain harmless salts, and acts as a lubricant on the intestinal parts, softening the congested masses, disintegrating the hardened particles that cause so much suffering and expelling the accumulation to the patient's great relief. Traxo acts on the liver and kidneys, stimulates the flow of gastric juices to aid digestion and removes bile from the general circulation. It is a splendid tonic and serves to build up and restore the weakened run-down system.

Fruitola and Traxo are prepared in the Pinus laboratories at Monticello, Ill., and arrangements have been made to supply them through representative druggists. In Newark they can be obtained at Evans' Drug Store, Warden Hotel Block.

AMBUSH

AWAITED AMERICAN TRUCK MEN WHO PUT MEXICANS TO ROUT.

Band Was Attached to No Mexican Faction—Soldiers Took Shelter Behind Steel Wheels of Car.

[ASSOCIATED PRESS TELEGRAM]

Columbus, N. M., April 27.—Truck men arriving here today told of being ambushed by a roving band of marauders of about fifteen, attached to no Mexican faction, in a canyon near Satevo several days ago. The truck men and their soldier guards took a position behind the steel wheels of the car and returned the fire, routing the Mexicans and capturing two of their number, according to the story.

Some speculation was caused here today as a result of the failure to arrive of Villa prisoners, reported to be on the way to Columbus. It is assumed, however, that most of these are being held at others bases where the military authorities may question them thoroughly. A report reaching here today states that four prisoners held at Casas Grandes were shot several days ago in an attempt to escape but it could not be confirmed at military headquarters here.

While no new reports were received concerning the movement of Colonel Dodd's command after its victory over a Villa band at Tomachio several days ago, tactical experts here believed that after a short stop at the Manaca base to obtain supplies, the cavalry command again took up the pursuit of the bandits.

WAR'S END

MUST BE AWAITED BY SHIPPERS OF CARGOES ENGLAND DETAINS.

British Note Replying to Protest of American Government Causes Little Surprise to Officials.

[ASSOCIATED PRESS TELEGRAM]

London, April 26, 5 p. m.—The contents of the British note replying to the protest of the American government aganst interference with the neutral trade, which asserts the right of Great Britain to regulate the admission to a neutral country of goods, evidently destined for the enemy, caused little surprise in diplomatic and legal circles here as its conclusions had been discounted by recent decisions of the prize tribunals. A summary of the views of the members of these circles may be expressed as follows:

"They do not believe the controversy will be carried much further during the progres of the war as no vital concessions have been made by either side since the first note was written. Therefore the shippers of detained cargoes who can afford the delay will await the conclusion of the war to have their cases settled by an international tribunal in the belief that such a court will grant them full damages. It is expected that the United States government soon will send two notes to Great Britain one of the detention of the mails and the other on the removal of Austrians and Germans from the steamship China.

MR. PUTNAM BOOSTS CHAMBER OF COMMERCE

Editor of the Advocate.

I am sending with this letter a check for renewal of my subscription to the Advocate. I am always glad to receive the Advocate as it keeps me posted as to what is doing in the old town. Am proud that Newark is placing herself among the live wires of this country by organizing a Chamber of Commerce on lines with the big cities. Oakland has a live chamber of about 3,000 members, and the different departments of the chamber are continually boosting and looking after the interest of the city and its interests. I am also pleased with the earnest plea the Advocate is making for the organizing of the chamber. If the citizens of Newark could see the good that has been accomplished here by our chamber they would not hesitate a moment. Many of our big factories and stores have taken out membership cards for their employees.

Respectfully,
RUFUS PUTNAM
Oakland, Calif., April 21, 1916.

TO WORK PRISONERS.

[ASSOCIATED PRESS TELEGRAM]

Cleveland, April 27.—To keep workhouse prisoners busy in winter and to economize on clothes for inmates of city institutions, Welfare Director Beman plans a clothing factory at Warrensville farm. DANGEROUS VARICOSE VEINS CAN BE REDUCED

If you or any relative or friend is worried because of varicose veins, or bunches, the best advice that anyone in this world can give is to get a prescription that many physicians are now prescribing.

Ask your druggist for an original two-ounce bottle of Emerald Oil (full strength) and apply night and morning to the swollen, enlarged veins. Soon you will notice that they are growing smaller and the treatment should be continued until the veins are of normal size. So penetrating and powerful is Emerald Oil that it dissolves goitre and wens and causes them to disappear.

It can always be secured at Evans' Drug Store.

Easy Way to Get Rid of Itching

Don't worry any more about that **itching skin-trouble. Just** get a jar of **resinol ointment and a** cake of resinol **soap at any drug store. With the resinol soap and warm water bathe the affected parts thoroughly, until they are free from crusts and the skin is softened. Dry very gently, spread on a thin layer of the resinol ointment, and cover with a** light bandage—**if necessary to protect** the clothing. **This should be done** twice a day. **Usually the distressing** itching and **burning stop with the first treatment, and the skin soon becomes clear and healthy again.**

Choosing Your Shampoo Soap

If you select a soap that contains **soothing, healing properties** like the **resinol balsams in** resinol soap, **you are not likely to have** trouble **with dandruff, loss of hair** or itching **scalp. Ideal for the youngsters'** heads.

IS THE BEST ONE OF ALL

AFTER TRYING MANY PREPARATIONS TANLAC DID THE WORK.

Such is the Eperience of Mrs. Welsh, Eddy Street Resident.

Mrs. Welsh, North Eddy street, says of the effects of Tanlac in her case:

"I had stomach trouble and I tried many preparations, but Tanlac did me more good than all of them. After meals I suffered much pain, but am much improved in that respect, and I am sleeping better."

Tanlac is just as beneficial in cases of liver and kidney troubles, catarrh and rheumatism and is an ideal spring and nerve tonic and system purifier.

Tanlac is demonstrated at Hall's Drug Store and is for sale at Croton by J. W. Haines, Centerburg by E. B. Walter, Johnstown by C. S. Howard, Granville by W. P. Ullman, Hebron by the Hebron Drug Co., Pataskala by J. R. Strine and Utica by P. H. Richardson. Advt.

OFFICIAL COUNT PRIMARY VOTE IN LICKING COUNTY

The official count for the Presidential preference primary was completed by the board of deputy supervisors of elections last evening and forwarded by them to the secretary of state at Columbus.

The total vote for the city Tuesday was 743 and for the county 1788, making a grand total of 2531 ballots cast. In 1914 the total vote cast in the county was 14,802. Only a small fraction over seventeen per cent of that vote was cast at the preference primary

The cost of the primary will be in the neighborhood of $2,400, nearly one dollar for each person voting.

The total vote as canvassed by the board was as follows:

Woodrow Wilson	1054
Thomas R. Marshall	797
Frank S. Monnette	92

For delegates-at-large to Democratic national convention:

James E. Campbell	795
James M. Cox	813
Judson Harmon	818
Frank S. Monnette	365
Atlee Pomerene	601

Columbus Ewalt and Fred T. Flinn had no opposition as delegates from the Seventeenth congressional district, comprised of the counties of Licking, Delaware, Coshocton, Knox, Richland and Ashland.

The Republican vote in the city and county was as follows:

Theodore E. Burton	970
Wm. G. Webster	124
Theodore Roosevelt	86

Delegates-at-large to national convention:

Schuyler O. Giffin	352
Matt Glaser	234
Warren G. Harding	973
William Cooper Proctor	630
John J. Sullivan	608
Ralph W. Tyler	216
Frank B. Willis	874

For district delegates to the Republican National convention, William M. Hahn and C. B. McCoy had no opposition.

Thirteen delegates were elected to the state Democratic convention as follows: L. M. Beaver, H. R. Elrick, J. R. Fitzgibbon, E. A. Gilbert, W. I Gutridge, C. L. V. Holtz, Jesse W. Hursey, Roderic Jones, H. C. Keller, R. N. Larimore, J. H. Newton, R. B. Priest, F. E. Slabaugh and C. H. Spencer.

SAFETY

OF ITS CITIZENS CARED FOR THROUGH AGENCIES OF FEDERAL GOVERNMENT.

Special Twelve-Coach Train Will Exhibit Methods in Thousands of Cities and Towns.

[ASSOCIATED PRESS TELEGRAM]

Washington, April 27.—Hundreds of exhibits illustrative of the methods of the federal government in caring, through its many agencies, for the lives and property of its citizens are being assembled here for the Safety First Special, a twelve-coach train, that will leave the capital Monday on an educational tour that will take it through thousands of cities and towns.

A half dozen government departments are co-operating in equipping the exposition train. How lives are saved under ground by the bureau of mines and at sea by the coast guard service will be shown in illustrated lectures and in motion pictures. Other pictures and exhibits will demonstrate what the forest service and reclamation service are doing for conservation of property in the west.

The special first will be opened to visitors Monday evening in Philadelphia. From there it will make a complete tour of the Baltimore and Ohio railway system and after that will take up in turn its swings round the circle on all the other principal roads the country over. Officials have not set a limit upon its itinerary.

AIR RAID

DURING LAST NIGHT UPON KENT AND ESSEX DID LITTLE DAMAGE.

One Hundred Bombs Dropped—Many Narrow Escapes but No Casualties Reported.

[ASSOCIATED PRESS TELEGRAM]

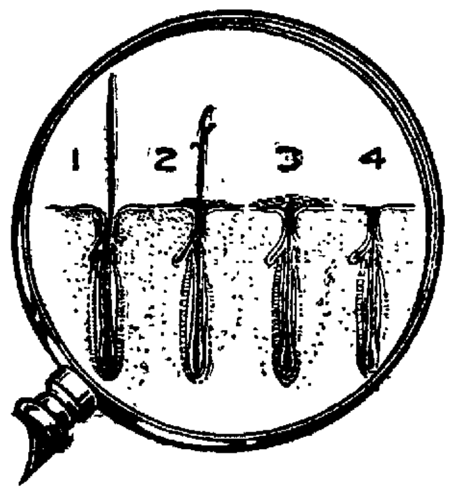
London, April 26, 4:30 p. m.—News published in London today indicates that not much damage was done by the four Zeppelins which visited Kent and Essex last night. Although one hundred bombs were dropped by the raiders there were no casualities From the time when they reached the British coast the airships were kept under the beams of searchlights and were subjected to a very heavy bombardment by anti-aircraft guns, forcing them to rise to a great height and to return across the North Sea.

In a straight run of two miles across one part of Essex, a dozen bombs were dropped, mostly in fields, while six bombs fell in the neighborhood of a farm house without doing any damage except to crops.

There were many narrow escapes, however, in Kent Bombs dropped all around the village. The only one that did any damage fell in the garden of a vicarage uprooting a large tree which struck the clerical residence.

Crowds everywhere watched the flight of the Zeppelins and the magnificent display made by the bursting shells.

In the last hundred years Great Britain has had a dozen types of rifle.



HERE ARE 4 HAIR PLANTS LIKE THE HAIRS IN YOUR HEAD

No. 1 is a strong healthy hair with proper nourishment.

No. 2 is a dry, brittle, split hair, practically lifeless.

No. 3 shows the hair cell so covered with dandruff that the hair cannot live and is soon smothered.

No. 4 shows the hair plant that is hopelessly dead.

There are about 175,000 hair plants in the human head. Whether they are strong, healthy plants or sickly and lifeless depends upon the care which they receive. If one half or two-thirds of your hair cells are stopped up with dandruff you cannot expect a good head of hair.

Your hair cells must be kept open—free from dandruff—the scalp must be kept soft and healthy.

Ordinary toilet soaps and shampoos do not open the hair cells. They remove the loose dandruff from the hair and scalp, but they contain free alkali and really injure the hair plant.

The hair is an oil plant and should be washed only with an oil shampoo.

EVERY WEEK ANTISEPTIC SHAMPOO contains both cocoanut and mineral oils. It cleanses the hair and scalp most thoroughly, dissolves and removes the dandruff and leaves the scalp soft and the hair plants with a slight touch of oil but no surplus oil in the hair.

It contains all of the beneficial properties of crude oil, now so much used for falling hair, but none of the black and disagreeable elements.

Highly recommended for men, women and children.

Every Week Anti-Septic Oil Shampoo is sold at 50c for large bottle.

These five men are to meet five wrestlers from Columbus who have been taking instructions at the Columbus Y. M. C. A. under the direction of Al Haft, (Young Gotch). The Columbus boys made a good showing in a recent tournament but it is believed that Bowser's pupils, though handicapped with less training, will make a good showing against the visitors.

With these five matches staged as preliminaries for the big Bowser-Turner match Friday night at the Auditorium, local wrestling fans are looking forward to a great evening's entertainment.

The stage seats were in great demand placed on sale early this week and even at this date there are not a great many left. A big delegation is promised from Granville where the Denison students are taking strongly to the mat game since it is probable that wrestling will be introduced in that school next fall.

This match closes Bowser's season here and he expects to start next week with Hampton's Great Empire Shows for the carnival season. He will tour Ohio and Western Pennsylvania. He will return to Newark next fall.

PRESIDENT AND EX-PRESIDENTS INVITED TO PLAY

[ASSOCIATED PRESS TELEGRAM]

Fayette, O., April 27.—Fayette is to have what is thought to be the first small town municipal golf links in the United States. Links have been established at the school grounds and village park. President Wilson, Theodore Roosevelt and William Howard Taft will be invited to attend the opening of the links and play an exhibition game.

FITZSIMMONS SIGNS ORENDORF; WILKES SUNDAY

Joe Orendorf, southpaw pitcher with the Marion Buckeye league club last season, has signed to play with the Fitzsimmons team this season and will be here for the Sunday game with the Wilkes of Columbus. The game will start at 3 o'clock. Orendorf will play the out field, besides taking his regular turn as a pitcher. Pitcher Squak Daugherty of the last year's Newark team will also take part in Sunday's game. The batting order for Sunday will be the same as was announced for the Schullman's contest which was postponed on account of cold weather.

NO REASON FOR IT

When Newark Citizens Show a Way.

There can be no reason why any reader of this who suffers the tortures of an aching back, the annoyance of urinary disorders, the pains and dangers of kidney ills will fail to heed the words of a neighbor who has found relief. Read what a Newark citizen says:

J. R. Kellenberger, carpenter, 18 Western Ave., Newark, says: "Kidney trouble and inflammation of the bladder caused me a lot of misery for several years. In the winter, the kidney action was too free and I had to arise often at night to pass the kidney secretions. While at work, I was annoyed by the secretions and made miserable by pains across my loins, especially if I lifted. Doan's Kidney Pills, procured at Collins' Drug Store, did me a great deal of good. They regulated the passages of the kidney secretions and strengthened my back."

Price 50c, at all dealers. Don't simply ask for a kidney remedy — get Doan's Kidney Pills—the same that Mr. Kellenberger had. Foster-Milburn Co., Props., Buffalo, N. Y.

FRIENDS IN NEED TURN OUT TO BE FRIENDS IN DEED

BY ADVISING MRS. WM. SPINKS TO TAKE RESCUE IN NERV-WORTH.

Mrs. Spinks lives at 1008 Ridge avenue, Zanesville. Her statement, which follows, is very convincing:

"I was very much run down. Very weak and nervous. After my day's work was done I had to lie down in bed and try and get myself together. I was very despondent and worried over everything. Stomach and digestion badly disarranged and no appetite. I am nursing my baby and did not seem to have the strength and power to do so.

"I was advised to try Nerv-Worth by my friends who had benefitted by it and sent to Fox's drug store, corner Ridge avenue and Belknap street, and secured a bottle and commenced using it as directions explained and am glad to state that I commenced to improve by the time I had taken one bottle.

"And I am now as well as ever, having used but three bottles. I tried many other remedies but they did me no permanent good. My mother, Mrs. Whartenbe of Schaum avenue, knows of my condition and will state what great benefit Nerv-Worth has been to me.

"I cheerfully and enthusiastically recommend Nerv-Worth to all persons similarly afflicted. I eat and sleep well and feel cheerful and ambitious and my baby is strong and healthy, even after having the measles.

"MRS. WILL SPINKS."

BEGIN HOT WATER DRINKING IF YOU DON'T FEEL RIGHT

Says glass of hot water with phosphate before breakfast washes out poisons.

If you wake up with a bad taste, bad breath and tongue is coated; if your head is dull or aching; if what you eat sours and forms gas and acid in stomach, or you are bilious, constipated, nervous, sallow and can't get feeling just right, begin inside bathing. Drink before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it. This will flush the poisons and toxins from stomach, liver, kidneys and bowels and cleanse, sweeten and purify the entire alimentary tract. Do your inside bathing immediately upon arising in the morning to wash out of the system all the previous day's poisonous waste, gases and sour bile before putting more food into the stomach.

To feel like young folks feel; like you felt before your blood, nerves and muscles became loaded with body impurities, get from your pharmacist a quarter pound of limestone phosphate which is inexpensive and almost tasteless, except for a sourish twinge which is not unpleasant.

Just as soap and hot water act on the skin, cleansing, sweetening and freshening, so hot water and limestone phosphate act on the stomach, liver, kidneys and bowels. Men and women who are usually constipated bilious, headachy or have any stomach disorder should begin this inside bathing before breakfast. They are assured they will become real cranks on the subject shortly.

IF BACKACHY OR KIDNEYS BOTHER

Eat less meat and take a glass of Salts to flush out Kidneys—Drink plenty water.

Uric acid in meat excites the kidneys, they become overworked; get sluggish, ache, and feel like lumps of lead. The urine becomes cloudy; the bladder is irritated, and you may be obliged to seek relief two or three times during the night. When the kidneys clog you must help them flush off the body's urinous waste or you'll be a real sick person shortly. At first you feel a dull misery in the kidney region, you suffer from backache, sick headache, dizziness, stomach gets sour, tongue coated and you feel rheumatic twinges when the weather is bad.

Eat less meat, drink lots of water; also get from any pharmacist four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean clogged kidneys and stimulate them to normal activity, also to neutralize the acids in urine, so it is no longer a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive, cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active. Druggists here say they sell lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.

WITH UNREST AMONG EMPLOYES LABOR CRISIS EXPECTED BY MAY 1.

In Mahoning Valley Where a Hundred Thousand Factory Hands Now Are Employed.

(ASSOCIATED PRESS TELEGRAM)

Youngstown, O., April 27.—The Mahoning valley with its hundreds of industrial plants employing one hundred thousand hands is seething with unrest among its working men and fears were expressed by mill owners and union leaders alike today that May 1 would bring a labor crisis in the district greater than was ever known before and might be followed by numerous strikes.

Recent increases in wages to employes of the steel mills have not served to satisfy the workers who are making strenuous efforts to perfect organizations by which new and united demands for an eight-hour day can be made the first of May. In many instances the closed shop and wage increases will also be demanded.

Before leaving here today for Washington Frank Morrison, secretary of the American federation of labor, who conducted a mass meeting of union men here last night, announced that he would send twelve of the best organizers of the A. F. O. L. here at once to assist the eight-hour movement. Morrison said the conditons here forecasted trouble.

Two thousand machinists have already made demands for an eight-hour day, a closed shop and fifty cents an hour May 1. Plumbers and pipe fitters met last night and voted to make May 1 demands for a closed shop and an eight-hour day. The moulders last night voted to make similar demands. The stationary engineers meet tonight to frame their plans. The recent discharge of three of their number at plants here has aroused them. They are expected to demand reinstatement of these men, a closed shop and an eight-hour day.

Paul Donley, national organizer for the federation, said today he had just completed organizing the employes of the Big Harris press works at Warren and the auto sprinking company in this city.

Men in the steel mills, who form a third of the industrial population of the valley, will go after the eight-hour day.

The most remarkable tide in the world is that of the Bay of Fundy. It rises at the rate of a foot every five minutes, the water sometimes attaining the height of 75 feet.

BEWITCHING HAIR FOR EVERY WOMAN

Hair That Radiates Healthfulness Always Compels Admiration.

Don't neglect your hair, girls; you'll be sorry later on if you do. Never mind about the things you have tried; never mind what people say.

Just remember this: Parisian Sage will make harsh, thin or faded hair soft, glossy and luxuriant. It quickly rids the scalp of dandruff, stops falling hair and scalp itch, and imparts that refreshing comfortable feeling or money returned.

It's a delicately perfumed liquid free from oiliness and as one woman remarked, "Parisian Sage puts the radiance of sunshine into my dull looking hair and makes it beautiful and lustrous." W. A. Erman sells lots of it and always guarantees it.

300,000 BATHE INTERNALLY

The marvellous growth of Internal Bathing since the advent of "J. B. L. Cascade" is accounted for not only by the enthusiastic praise of its users to others, but also by physicians insisting more and more that the Lower Intestine must be kept free from waste to insure perfect health and efficiency.

Mary L. J. Walker, M. L. D., Olean, N. Y., writes:

"I must tell you of a case of Constipation lasting for twenty years, that was cured by your Cascade treatment.

"The physician in charge said the patient had a tumor lying between the stomach and intestines. The patient being 62 years old, he claimed no help could be given except the knife; but finding the intestines in a very bad state, I advised the "J. B. L. Cascade," which resulted in a complete recovery When I took the case she was taking a laxative three times a day, and had been for three weeks; couldn't get along without it—now she never takes any laxative."

Granville

[Special to The Advocate]

Granville, April 27—The Women's Music club closed the year's work Wednesday afternoon, April 26, in a blaze of glory, at Bryn Du, the beautiful home of Mrs. J. S. Jones. Artistically considered, the program was the climax of an increasingly excellent series of delightful programs, varied yet unified, which have been offered every second Wednesday without change and without postponement since last October; socially it was one of the most brilliant and delightful functions ever held in Granville as this was guest day as well as the conclusion of the club year—at a home famous for its hospitality.

Promptly at 3 o'clock, members and guests numbering about 75, having been seated in the large living room where a cheerful wood fire blazed upon the hearth, the president, Mrs. W. P. Ullman, in a brief but gracefully worded speech, welcomed the guests. She spoke of the gratifying work of the club since its organization in November, 1914; of her belief in it as a permanent factor in Granville life, although the progress just at this juncture is necessarily somewhat slow—but that the club is laying a broad, firm foundation for a lasting structure, which may include more than the present limited number in its scope of usefulness. She spoke of the splendid work of the chairman of the program committee, Mrs. J. S. Jones, whom she then called upon as leader of the program, to come forward, and before beginning the afternoon's offering to give in outline, the work for the coming year.

Mrs. Jones as leader was no less charming than Mrs. Jones as hostess, and the group of "immortals" whom she introduced became as old and valued friends to each of her hearers.

The pianists, Mrs. C. W. Chamberlain, Miss Ferrar, head of the piano department in Denison Conservatory, who substituted for Mrs. Brelsford almost at the last moment; Miss Faye Hulshizer, and Mrs. C. B. White were more than equal to the demands of the program, each giving convincing demonstration of musicianship. Miss Hulshizer, one of the youngest members of the club, possesses talent of a high order, and a brilliant technique which surmounted the difficulties of the Liszt and Chopin numbers she executed. Mrs. White is too well known as an interpreter of the masters to need special mention, save that the prolonged applause elicited an encore, which she played from memory a Chopin "Prelude" with its universal appeal to the emotions.

Mrs. J. W. Rohrer, the charming lyric soprano, and Mrs. Marion Rose Johnson, who has gained more than local fame in Oratorio and Opera roles, gave the vocal solos with their customary distinction. The two Choruses combined for the closing number which was exquisitely rendered.

At the close of the official program, Mrs. Jones announced the presence of Mrs. McMahon, president of the Columbus Women's Music club, and Miss Marie Hertenstein, pianist, as guests of honor,—and that Miss Hertenstein had graciously consented to play for the company. The excellent critique in yesterday's Advocate is too recent to require another analysis of this artist's work. She played a Brahm's Waltz in which her small hands performed apparently impossible feats on the key board, followed by one of Schubert's "Musical Moments," concluding with Liszt's "Campanelli," which brought forth a storm of rapturous applause.

Dainty refreshments were served in the dining room by the following assistant hostesses: Mrs. J. D. Thompson, Mrs. Theodore Johnson, Mr. C. W. Chamberlain, Miss Rockwood, Mrs. Fred Seymour, Mrs. Bawden, Miss Lisle, Miss La Ferre, Miss Hulshizer, Mrs. C. B. White, Mrs. C. J. Loveless, Mrs. Ogilvie, Miss Eva Wright. Out of town guests were: Mrs. McMahon, Mrs. Hertenstein, Miss Marie Hertenstein, Mrs. Reticaux of Columbus, Mrs. C. W. Miller, Mrs. Joe Sprague, Mrs. Beane and Mrs. Franklin of Newark; Mrs. Frank Rue of Trenton N. J., and Miss Faye, Cleveland. Mr. Derment S. Whittlesey of Chicago was present as house guest.

The program as rendered is appended:

Saint-Saens, (Duet for two pianos) "Dance Macabre" — Mrs. C. W. Chamberlain, Miss Fanny Judson Frerar.

Thomas, Vocal solo, "To Welcome You"; (Gatty) "One Morning, O, So Early"—Mrs. J. W. Rohrer. (Mrs. C. B. White, accompanist.)

Liszt, Piano solo, "Liebestraum"; (Chopin) "Scherzo" — Miss Faye Hulshizer.

Thomas, (from "Mignon") "Amourettes yeaux bleus"; (Puccini) "Tosca" "Vissi d'arte"—Mrs. Marion Rose Johnson. (Mrs. J. S. Jones, accompanist.)

Chopin, Piano solo, Opus 26, No. 2; (The Siberian Polonaise)—Mrs. C. B. White.

Marzo, Chorus, "Gypsy Daisies," "Hour of Parting"—Mrs. Johnson, Mrs. Morrow, Mrs. Rohrer, Mrs. Ullman, Mrs. Henderson, Mrs. Carter, Mrs. Thompson, Miss La Ferre. Miss Lisle, accompanist.

Sigma Chi fraternity entertained last evening with an informal dinner party.

A delightful course dinner was given in the social rooms of the Methodist church, in honor of two of the Sunday school classes for women and men on Wednesday evening, April 26. A large attendance and an enjoyable evening are reported.

On Tuesday evening, April 25, Delta Omerom, the musical sorority of Shepardson college, gave a program of Strauss music in Recital Hall which proved enjoyable and profitable as rendered. The president of the sorority, Miss Mabel Jones, gave a brief sketch of the life of Richard Strauss and announced the following numbers: Biographical Sketch, Madeline Edgerly; "Serenade," (Strauss) Vashti Jones; piano solo, "Funf Klavierstucke," Mabel Jones; "Tomorrow" (Strauss) Imogene Hamblen; Current Events, Ruby Barnes.

Miss Gertrude Carpenter left for New Salem last evening where she will visit for a short time at the home of her cousins.

Mrs. McMahon, newly elected president of the Columbus Women's club, Mrs. Hertenstein and Miss Marie Hertenstein, pianist, of Columbus, who have been house guests at Bryn Du, the home of Mr. and Mrs. J. S. Jones, returned last evening to Columbus.

Miss Fannie J. Ferrar, head of the piano department in Denison Conservatory, was honor guest at dinner at Bryn Du last evening.
